Description

Pre-conditions:

Go to website X

User must be registered

STR:

1. Click on the photo frame.
2. Select a PDF document for upload.
3. Click the "Upload" button.

Actual result:

After clicking the "Upload" button, the selected PDF document does not upload. A validation message (error message and list of supported formats) is missing.

Expected result:

After clicking the "Upload" button, only files in supported formats (e.g., JPG, PNG, GIF, TIFF, HEIF, or WebP) should upload. If a file in a different format is selected, a validation message should appear.
